### RULES AND REGULATIONS

This schedule of Rules and Regulations governs the furnishing of sewage service by Fountain Run Water Dist., hereinafter referred to as the Utility and applies to all service received from the Utility. All Rules and Regulations are to be in effect so long as they are not in conflict with the rules and regulations of the Public Service Commission. The Utility is further subject to all Rules and Regulations of the Public Service Commission.

#### SERVICE AREA

The utility furnishes sewer service to City of Fountain Run  
(Subdivision)  
located at Fountain Run in Morgan County, Kentucky  
(City)

#### SUBSTANCES NOT TO BE DISCHARGED INTO SEWERS

No substances shall be placed into the sanitary sewer system which will create a combustible, gaseous, explosive or inflammable condition nor shall any substances or objects be placed or discharged into the system which will not dissolve and which will thus cause an obstruction and clogging within the system. No petroleum products shall be placed or discharged into the system. No storm water or surface water drain shall be connected with the sanitary sewer system nor shall any storm or surface water be otherwise introduced into the system.

#### SEWER LINES

A sewer service pipe shall not be laid in the same trench with a water pipe.

If a governmental agency requires an inspection of the customer's plumbing, the Utility shall not connect the customer's service pipe until it has received notice from the inspection agency certifying that the customer's plumbing is satisfactory. When necessary to move or relocate facilities, the cost will be paid by the party or parties requesting such relocation.

**RULES AND REGULATIONS**

SEWER FAILURE

The utility is responsible for the maintenance of that portion of the service line installed by the Utility and the customer is responsible for the maintenance of that portion installed by the customer.

PROTECTION BY CONSUMER

The Consumer shall protect the equipment of the Utility on his premises and shall not interfere with the Utility's property or permit interference except by duly authorized representatives of the Utility.

NOTICE OF TROUBLE

The Consumer shall give immediate notice to the Utility of any irregularities or unsatisfactory service and of any known defects.

CONNECTION CHARGES

~~Copy of Connection Agreement Attached -~~  
Normal connections to existing sewer lines shall be made without charge for a prospective customer who applies for and contracts to use service for one (1) year or more. Any such connection made at the property line of a prospective customer shall be classified as a normal connection.

Any prospective customer, and any subdivider, developer, contractor, or other entity which is not a prospective customer, requiring service for a defined undeveloped area that is determined feasible to serve, will be charged the full cost of installation. In such instances the prospective customer, subdivider, developer, contractor, or other entity which is not a prospective customer will be charged a contribution in aid of construction.

If any prospective customer is directly charged a contribution in aid of construction, the contribution charged shall be subject to Public Service Commission approval. If any subdivider, developer, contractor, or any other entity which is not a prospective customer is directly charged a contribution in aid of construction, the contribution charged shall be subject to negotiation between the utility and the subdivider, developer, contractor or other entity. **PUBLIC SERVICE COMMISSION OF KENTUCKY** prospective customer, and such charge shall not be subject to Public Service Commission approval.

SHEET NO. \_\_\_\_\_

### RULES AND REGULATIONS

Any customers ultimately connected under this arrangement shall be charged according to the utility's current approved rates filed with the Public Service Commission.

For purposes of this provision the term "prospective customer" shall mean any person, firm or corporation which expresses an intent to become an ultimate user or customer of the utility at the time of the contribution in aid of construction is charged. A subdivider, developer or contractor is not considered a "prospective customer" for purposes of this section.

#### DISCONTINUANCE OF SERVICE BY THE UTILITY

The Utility may refuse or terminate service for noncompliance with its tariffed rules or commission regulations after having made a reasonable effort to obtain customer compliance. Said customer will be given at least ten (10) days written notice prior to termination.

If a dangerous condition is found to exist service may be terminated without notice however, the utility will notify the customer in writing and if possible orally of the reasons for termination or refusal. The notice will be recorded along with the corrective action to be taken by the customer or the utility before service is restored or provided.

The utility may terminate service for nonpayment of tariffed charges after a five (5) day written notice of intent to terminate. Service will not be terminated before twenty (20) days after the mailing date of the original bill. If a medical certificate is presented service will not be terminated for thirty (30) days beyond the termination date.

When payments are delinquent the Utility may file a complaint in court. The Utility may request that all court costs be included in any judgement amount awarded to the Utility.

#### DISCONTINUANCE AT CUSTOMER'S REQUEST

Customers who have fulfilled their contract terms and wish to discontinue service must give at least three (3) days notice. The notice may be given in writing, in person or via telephone. Notice to discontinue prior to expiration of contract term will not relieve the customer from any minimum or guaranteed payment.

SEWER USER AGREEMENT

*For Fountain Run Water Dist Sewer Service*

This agreement entered into between \_\_\_\_\_

hereinafter called "user", and the Fountain Run

Water District, hereinafter called the "District."

WITNESSETH

Whereas, the user desires to use the sewer services of the District, and to enter into a sewer users agreement as required by the Bylaws of the District.

NOW THEREFORE, in consideration of the mutual covenants, promises, and agreements herein contained, it is hereby understood and agreed by the parties hereto as follows:

The District shall furnish, subject to the limitations set out in its Bylaws and Rules and Regulations now in force or as hereafter amended, a sewer system in connection with users occupancy of the following described property:

PUBLIC SERVICE COMMISSION  
OF KENTUCKY  
EFFECTIVE

MAY 25 1993

PURSUANT TO 807 KAR 5:011,  
SECTION 9(1)

The user agrees to grant to the District, its ~~successors and assigns~~ *Public Service Commission Manager* a perpetual easement on the above described property ~~for the purpose of~~ constructing and installing sewer line and appurtenant facilities; and thereafter for the purpose of operating the sewer system; and also use adjoining land for the purpose of ingress and egress from the above described land.

Wastewater effluent discharge into the public sewer system shall only be made through an approved septic tank maintained by the District.

Connection Fees

- A. Each domestic and commercial applicant for public sewer service will be required to pay a connection fee of \$300.00, plus all costs and other expenses incident to installation of the "building sewer", including septic tank. The connection fee shall be paid to the District at same time application for "building sewer" permit is filed.
- B. However, said connection fees and the septic tank portion of building sewer cost will not be required for connections made as a part of the basic public sewer construction contract, and the user connects to the public sewer. The user shall commence to use the sewer services upon notice that the sewer service is available.

The user agrees to comply with the Bylaws, Rules and Regulations of the District, now in force, or hereinafter duly and legally supplemented, amended or changed. The user also agrees to pay sewer charges at such rates, time and place as shall be determined by the District, and agrees to the imposition of such penalties for noncompliance as are now set out in the District's Bylaws and Rules and Regulations, or which may be hereafter adopted and imposed by the District. The monthly rates will be reasonable and the user shall comply with all rates, rules and regulations of the District which are approved by the Public Service Commission of Kentucky.

The District shall have final authority on any questions of location of any service line connection to this sewer system; and may shut off water to a user who allows a connection or extension to be made to such sewer lines for the purpose of supplying sewer service to another user.

The user shall install and maintain, at user's expense, service lines on users property and all other devices necessary to deposit user's sewage into the District's sewer. Service line material and installation must be in accordance with the State Plumbing Code as administered by the Division of Plumbing, Department of Housing, Building and Construction. All work is to be inspected by a representative of the District before the service line is backfilled. The user shall keep the service line and appurtenance in good working condition at all times and keep any infiltration from entering the service line. The user shall not deposit sewage in such a manner as to cause unusual fluctuations or disturbances to District's system. The District will use reasonable diligence in supplying sewer services, but shall not be liable for breach of contract in the event of injury, damage to persons or property, or for loss resulting from interruptions in service. The service connection supplied by the District for the user has a definite capacity, and no addition to the equipment or load connected thereto will be allowed except by consent of the District. Failure to give notice of additions or changes in load and to obtain the District's consent for same, shall render the user liable for any damage to any of the District's lines or equipment caused by the additional or changed installation.

PUBLIC SERVICE COMMISSION  
OF KENTUCKY  
EFFECTIVE

MAY 25 1993

PURSUANT TO 807 KAR 5.011,  
SECTION 9 (1)

BY: Chas. D. Hall

The user shall connect sewer service lines to the District's sewer system and shall commence to use sewer services of the system on the date sewer service is made available to the user by the District. Sewer user charges to the user shall commence on the date service is made available, regardless of whether the user connects to the system.

It is mutually understood and agreed upon that the failure of a user to pay sewer service charges duly imposed shall result in the automatic imposition of the following penalties:

1. Nonpayment within ten days from the date will be subject to a penalty of ten percent of the delinquent account.
2. Nonpayment within thirty days from the due date will result in the water being shut off from the user's property.
3. In the event it becomes necessary for the District to shut off the water from a user's property, a fee of \$20.00 will be charged for a reconnection of the service. The user will also be required to pay all delinquent accounts and pay the minimum sewer and water bill for the time the water meter was disconnected, unless otherwise agreed to in writing.

If the sewer system is constructed, and the user's property covered by this Agreement is not reached by the District's sewer line, the connection fee will be fully refunded to the user. Construction of sewer lines to serve the property covered under this Agreement depends upon feasibility, availability of funds for construction and approval of all local, State and Federal agencies having jurisdiction over this type of facility.

THE DISTRICT DOES NOT GUARANTEE SEWER SERVICE TO THE USER.

IN WITNESS WHEREOF, we have executed this agreement this \_\_\_\_\_ day  
of \_\_\_\_\_, 19 \_\_\_\_\_
